**Air Force R&D Briefing**

1. This will confirm the arrangements for the Air Force R&D Briefing at the Pentagon tomorrow, 4 June, from 0830-1200, Room 5C1042. As I mentioned to you, this is a Monthly Program Review put on for General Ferguson and tomorrow's speaker will be [REDACTED] SAFRD, who will discuss S. E. Asia Reconnaissance. Security classification, they tell me, is TOP SECRET. The other representative from CIA will be [REDACTED] Deputy Chief/Optics Division/ORD. As you know, he and [REDACTED] have a great deal of experience with this problem.

2. It is suggested that you use South Parking Field and your name will be at the door. If there is any question, call Maj. Haines at ext. 78808, which is the Conference Room.

3. Incidentally, I mentioned that you were Chairman of our USIB Committee and indicated your duty as Special Assistant. Normally there are reserved seats in the General Officer Section and if they follow past practice, there should be a reserve seat there for you and [REDACTED] as your companion.
